Industrial Directory	1
Cross Reference Index	55
Standard Industrial Classification Code	65

FOREWORD

This Directory has been compiled utilizing the Standard Industrial Classification Manual for Canadian Industries (Statistics Canada, Ottawa).

Its purpose is two-fold: To facilitate visiting executives and sales representatives of other countries and provinces desiring to do business with Moncton establishments, and to acquaint resident companies with goods manufactured and distributed in the immediate Moncton area, thereby encouraging trade between these respective businesses.

The Directory lists alphabetically over 600 Moncton area companies engaged in the manufacturing, processing, distribution, transportation, communication and construction fields. Also for the first time we have included a listing for Head and Regional offices. A convenient cross-index system by product or service is included for you.

Moncton Industrial Development Limited is a wholly-owned subsidiary of the City of Moncton. Incorporated in 1959, its purpose is to encourage the promotion, expansion and diversification of industrial activity within the city and environs.

We hope you will enjoy doing business in the Greater Moncton area.
